Product Code: AMX-500-CAP

Batch Number: B2401A

Manufacturing Date: 2024-01-15

Expiry Date: 2026-01-14

Market: Nigeria

Complaint Type: Product Efficacy

Several patients on Amoxicillin 500mg (batch B2401A) reported the infection did not improve after the full course, requiring a switch to an alternative antibiotic.

Physicians are questioning whether potency of this batch is within specification.

Requesting information on batch release testing and stability data for batch B2401A.

Two blister packs from this same batch were also earlier reported for discoloration by another customer.
